

## Environmental Policy Statement

EA Technology recognises that concern for the environment is an integral part of its business. The company is committed to minimising the impact of its activities on the environment.

In order to meet this commitment we will:

- Conform to, and where appropriate exceed, the requirements of relevant environmental legislation and regulations.
- Minimise the effects of our activities which are potentially harmful to the environment by continually striving to conserve resources, prevent pollution, reduce harmful emissions and minimise waste.
- Provide products and services that minimise the impact of our clients businesses on the environment.
- Purchase from suppliers who seek to minimise the impact of their activities on the environment.
- Ensure that staff are made aware of their environmental responsibilities and are encouraged to participate in environmental improvement initiatives.
- Set objectives and targets to support these policy commitments and to ensure continual improvement in environmental performance.
- Periodically monitor and review our environmental performance and take corrective action where necessary
